Program Details : Medical Billing and Coding

Provider Name :	Ascend Skills
Date of Last Update :	6/12/2025 6:27:00 PM
Provider Primary Area :	Out Of State
Program Locations :	Phoenix Office
Provider URL :	http://ascendskillsnow.com/
Program Description :	Launch your healthcare career in 12 weeks with a flexible, fully online course designed for young adults and working professionals balancing life's demands. This program teaches essential skills in healthcare payment processing and coding, including ICD-10, CPT, and HCPCS coding systems.

You'll master insurance claims processing, denials management, and reimbursement models like Medicare and Medicaid. Build a foundation in medical terminology, HIPAA compliance, ethics, and professional communication—key to success in healthcare.

Each learner uses a user-friendly, modern Learning Management System (LMS) that removes barriers and provides an inclusive, empowering experience for all abilities. Career counselors help you plan and stay on track, live instructors offer tailored assistance and office hours, and coaching with encouragement continues from enrollment through employment. Many students say they feel more supported here than at traditional schools.

With two live, instructor-led classes weekly, you'll engage in real-world simulations and discussions that build confidence and skills. Approved by the National Healthcareer Association, this program prepares you for a nationally recognized certification exam, opening doors in clinics, hospitals, and medical offices. Affordable, accessible, and designed for your schedule, classes start monthly—begin whenever you're ready.
