

Program Details : Emergency Medical Technician (EMT)

Provider Name :	American Training Institute
Date of Last Update :	7/28/2026 10:03:00 AM
Provider Primary Area :	Genesee County
Program Locations :	Flint Campus
Provider URL :	https://americantraining.net/
Program Description :	Emergency Medical Technician - Basic (EMT-B) The curriculum follows a logical sequence of design. Each program is set up as a complete semester based style program and meets or exceeds all written, practical, and clinical performance objectives relevant to the topics, as required by NHTSA guidelines.

The EMT-Basic program is designed to be completed in two consecutive semesters. Classroom hour totals for both EMS programs include didactic, psychomotor, and testing.

Each program requires clinical training hours. The clinical requirements meet the National Highway Traffic Safety Administration's guidelines for both educational programs.

Students who successfully complete an EMT-B course at ATI are eligible to challenge the National Registry of EMT's (NREMT) certification examination. State of Michigan recognizes that students who successfully pass the NREMT certification examination meet the required academic competency necessary for licensure at the level of the program
