Program Description :	This program is designed to prepare students for success in today's fast-paced medical practices—in less than five months. This comprehensive program covers the essential clinical and administrative skills needed to confidently support healthcare providers and patients. Classes are conducted online, live, and instructor-led, meeting for 90 minutes twice a week over 18 weeks. Students benefit from engaging, interactive instruction while learning from the comfort of home. The curriculum is structured to be practical, focused, and aligned with real-world medical office demands. The cost of the national professional credential exam is included, helping students graduate job-ready without additional testing expenses. Throughout the program, students receive career coaching and job preparation, including resume support and interview readiness. From the moment of enrollment through employment, students are supported every step of the way. This program is ideal for individuals seeking a flexible, efficient pathway into the healthcare field with guidance, accountability, and career-focused training built in.
